

Mobile Hotspot Lending Policy

Western Pocono Community Library offers Mobile Hotspots for lending to adult patrons in good standing. Mobile Hotspots use the T-Mobile network; therefore, there may be areas that the connection is weak or non-existent. Each Hotspot does offer unlimited data and can power up to 10 devices at one time.

The Lending Policy for the Mobile Hotspots is as follows:

- Patrons must be in good standing
- Only adult patrons can borrow a Hotspot
- Only one per household
- Hotspots cannot be placed on Hold
- Hotspots are not renewable
- Lending period is 21 days or 3 weeks
- Hotspots will be turned off 3 days after the due date, if not returned
- Any damage to the Hotspot will be the responsibility of the patron
